

# Living, dying & grieving well

A guide to palliative care \*

This publication is an engaging information resource about palliative care, developed to raise awareness and create understanding about palliative care services.

It is an easy-to-read booklet that gives an overview of palliative care and how it helps people with life-limiting illness and their families.

It is suitable for people who have no prior understanding or experience of palliative care and includes stories of people receiving palliative care.

*“Palliative care is for the living. They helped us get our lives back on track.”*

\*2018 Edition
